December 13, 1956 - State of Delaware

1. The source of the proposed appropriation is..... underground source.....

Name of stream, lake or other source.....

2. The amount of water applied for is..... Twelve (12)..... second-feet

One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet..... acre-feet

3. The water to be used for..... mining and milling.....

Irrigation, power, mining, manufacturing, domestic, or other use.

4. If use is for.....

(a) Irrigation (state number of acres to be irrigated).....

(b) Stockwater (state number and kinds of animals to be watered).....

(c) Other use (describe fully under "No. 11. Remarks").....

(d) Power.....

(1) Horsepower developed.....

(2) Point of return of water to stream.....

5. The water is to be diverted from its source at the following point: SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 18, T. 17N., R. 23E., MDB&M, or at a point from which the SE corner of said Section

Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land, it should be stated.

6. Place of use..... Secs. 7 and 18, T. 17N., R. 23E., MDB&M.

Describe by legal subdivision, if on unsurveyed land it should be so stated.

7. Use will begin about..... January 1st..... and end about..... December 31st....., of each year.
Month Month

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and

specifications of your diversion or storage works.) Cased water well with appropriate

pumps to maintain necessary flow devoted to beneficial use for mining
State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits
and milling. The water will be conducted to places of use via pipes
and ditches.

9. Estimated cost of works..... casing and equipping water well - estimated \$30,000
10. Estimated time required to construct works... Five (5) years
11. Remarks Due to the magnitude and complexity of this project it is very difficult to estimate the exact amount of water required, however a conservative estimate is at least 10 second feet.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level at permittee's well due to any other ground water development in the area. A substantial weir or other type of measuring device must be installed and measurements of water use kept. The well shall be equipped with a 2-inch opening for measuring depth to water. If well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 6.0 cubic feet per second.

Actual construction work shall begin on or before February 14, 1970

Proof of commencement of work shall be filed before March 14, 1970

Work must be prosecuted with reasonable diligence and be completed on or before February 14, 1971

Proof of completion of work shall be filed before March 14, 1971

Application of water to beneficial use shall be made on or before February 14, 1974

Proof of the application of water to beneficial use shall be filed on or before March 14, 1974

Map in support of proof of beneficial use shall be filed on or before

APR 15 1970

IN TESTIMONY WHEREOF, I, ROLAND D. WESTERGARD,
State Engineer of Nevada, have hereunto set my hand and the seal of
my office, this 14th day of August
